Join the National AI Literacy Program, Enrol for

YUVAi

for ALL

Dear Learner,

AI is shaping how we learn, create, and work. The key question is—are you ready to use AI wisely and confidently?

To build foundational AI understanding among India's youth, the Government of India has launched the **National AI Literacy Program** under the **IndiaAI Mission,** implemented by **Ministry of Electronics and IT.**

As part of this initiative, you are invited to enrol to **YUVA AI for ALL**- a FREE, beginner-friendly AI course for learners from all academic backgrounds. Learners can earn a **Government of India certificate** after successful completion.

In alignment with the Viksit Bharat vision, this is your first step toward becoming AI-ready.

Enrol today and become part of India's growing AI-ready community.
