 February 16 – 20, 2026

 New Delhi, India

India is set to host the India AI Impact Summit 2026 from February 16 – 20 in New Delhi, India, marking the first of its kind global gathering in the Global South. Led by the India AI Mission, Ministry of Electronics & IT, the Summit will bring together leaders and innovators to move from dialogue to real-world impact.

India is ready to lead the next global AI dialogue One of the biggest AI Summits in the Global South

(Till January 31, 2026)

Our Mantra

The India AI Impact Summit 2026 marks a global turning point, moving beyond conversations to **measurable Impact**. It calls for AI that delivers real change for humanity and our shared future.

Three Sutras

A framework for AI that is human-first, climate-conscious & opportunity-led.

People

Planet

Progress

7

Seven Chakras or Working Groups

Building upon the three foundational pillars (Sutras), the deliberations at the India AI Impact Summit will be organized into Working Groups around seven interconnected themes (Chakras).

Flagship Events - Global Impact Challenges

AI for All
